 - Fear

Patient Care: Then & Now

Testing Availabilities/Algorithms
Positive patients
PPE

Family-Centered Care
Mental Health
Review of Care
Patient Follow-Up
Health Education & Promotion

“Our Wave” and “Our 2nd Wave”

“Wait, Wave #3?”

Safety & Simulation

- COVID Huddles
 - Multidisciplinary
 - Team Leaders
- Virtual Education
- Simulations
 - Initial hesitation, but..

“Emergencies won’t stop for a pandemic, so neither will we.”

Sustainability

Reducing Fear & Raising Awareness

Do your part

Bring light to
COVID-19 & the
pandemics
hidden
beneath it

Don't forget the
mama, don't
forget the baby

Thank You

CheyAnne Harris, MSN, RNC-OB
